

## SWIVEL

Global Drilling Solutions Inc can provide 5 different sized drilling Swivels to suit any sized Drilling Rig requirements.

- Standard bails and double pin alloy steel sub.
- Wash pipe and packing assembly are cartridge type and can be replaced on the floor without disconnecting the rotary hose and/or gooseneck.
- Gooseneck is provided with a wire line outlet for logging.
- With standard gooseneck joints. Threads are in compliance with API Std 5B.
- All Swivels conform to API Spec. 8A/8C.
